PROFIL PERSONAL

I am an Information Systems graduate from Universitas Dinamika Bangsa with a strong interest in the IT field. I have knowledge and understanding of application and web programming, user interface (UI) design, computer networks, and database management. I have high enthusiasm and a strong spirit for learning new things and facing new challenges. I also possess good communication skills and high motivation.

QUALIFICATION SUMMARY

- Understands the Laravel and Flutter frameworks, as well as simple computer algorithms.
- Knowledgeable about Flutter programming with API databases.
- Proficient in HTML, C#, JavaScript, CSS, and Bootstrap design.
- Able to create simple computer networks, and add and configure networks on routers and switches.
- Created use case descriptions and UML class diagrams for a water payment system.
- Knowledgeable of basic SQL queries.
- Able to analyze data thoroughly

EDUCATION HISTORY

UNIVERSITAS DINAMIKA BANGSA

Information Systems – Computer Science

Web Programming, Mobile Programming, Software Engineering, Database.

Jambi

2021 – 2025

GPA : 3.93/4.00

RELEVANT CLASS

Enterprise Information System, Database, Web Programming, Mobile Programming, Management Information Systems, Data Networks and Communication, Database Programming, Software Engineering.

SKILLS

- Hard Skills : Programming Languages (C#, CSS, SQL, Java Script, HTML), Excel, Word, Powerpoint, VSC, Cisco Packet Tracker.
- Database : SQL, Oracle.
- Languages : Indonesian (Fluent), English (Fluent) (TOEFL ITP : 600/800)
- Soft Skills : Detail Oriented, Good Communication, Analytical Skills , Teamwork, Problem Solving, Adaptability, Critical Thinking, and Ambition.
- Certificates : <https://bit.ly/3VC1c00>
